

# Kayla Kollmer, CPA

## Manager

kollmerk@sva.com 262.923.5265

Kayla is a Manager at SVA Certified Public Accountants, specializing in audit and assurance services for clients in the manufacturing and distribution industries. She oversees assurance engagements, helping businesses navigate financial reporting requirements, address complex accounting matters, and maintain accurate and reliable financial information.

Kayla manages all phases of the audit process, from planning and execution through review and final reporting. She works closely with clients to understand their business operations, identify potential risks, and provide guidance on technical accounting and auditing matters. Her industry experience allows her to recognize the unique financial reporting challenges manufacturers and distributors face and provide practical insights that support their business needs.

In addition to managing client engagements, Kayla plays an important role in developing and mentoring team members, providing technical guidance and reviewing work to ensure high-quality service. She is committed to building strong client relationships and serving as a trusted resource, helping organizations navigate accounting complexities and make informed business decisions.

Kayla is a member of the Wisconsin Institute of Certified Public Accountants (WICPA) and the American Institute of Certified Public Accountants (AICPA).
