Jon is a Principal with SVA Consulting, a member of the SVA family of companies.

In his role, Jon's focus is to understand his clients' organizational capabilities, requirements, targets, and constraints to develop a purposeful solution while leveraging technology and standardized methodologies as appropriate. His goal is to allow organizations to maintain ownership of their future while being the trusted advisor that provides guidance along the way.

Jon manages and executes projects focused on ERP implementations. Within these projects, he guides his team toward deliberate solutions based on current state and future state operational goals of the client. Throughout this process, Jon identifies, creates, and communicates risk mitigation strategies as his clients' businesses grow and evolve.

Jon believes that a successful advisor is one that invests time and energy into developing relationships at all levels within an organization. This rapport and understanding of the business leads to a strong collaborative environment that is critical for the success of any project.
