Platteville**

Bachelor of Business
Administration in Accounting

Ryan High, EA

Senior Manager

Ryan is a Senior Manager with SVA Certified Public Accountants, S.C. and a member of SVA's Healthcare and Dental Services.

Ryan provides a variety of accounting, tax and consulting services for his individual and business clients. These services include profitability analysis, business and individual tax planning as well as tax return preparation.

Ryan reviews physician and dental practice financial statements and compares them to market benchmarks ensuring they are staying on course to meet their financial goals. By working closely with clients to identify issues of concern, Ryan is able to develop a plan to address these matters.

For physicians and dentists buying and selling a practice, Ryan analyzes the tax impact of a transaction, structures the transaction to minimize the tax impact, and guides the seller in maximizing their net cash flow from the transaction.

Ryan also consults with clients to ensure their practice fees and staff compensation is competitive in the marketplace.

Ryan is a member of the National Association of Tax Professionals and is a board member for Madison Dental Initiative.
